

THE WORLD'S BEST
SET-UP COST REDUCTION SYSTEMS

UPGRADE from BALL LOCK to SPEEDLOC NOW!!

CHANGE SET-UPS IN JUST MINUTES with .0004" REPEATABILITY

BALL LOCK:

- Ball bearings that fall out.
- Rubber o-rings that crack.
- Small set screw strip out and get stuck.
- Ball bearingspeen the receiver and degrade performance.

Convert This (w/Ball Lock)

SPEEDLOC:

- Rugged Design and Construction
- No O-ring and no need for a repair kit.
- Self-Extracts – Locator will not get stuck.
- 2X the Hold Down Strength.
- Docking system for use on Tombstones.
- Flush Mount Locators available.
- Receiver will not lose repeatability over time.

To This! (patented SpeedLoc)

BALL LOCK to SPEEDLOC UPGRADE

Ball Lock to SpeedLoc Upgrade Offer Includes:

- Buy one SpeedLoc Locator and receive at no additional cost---a SpeedLoc retrofit receiver. This will fit in your existing subplate pocket for the corresponding Ball Lock receiver.
- Additional retrofit receivers to complete the subplate retrofit can be purchased at the special retrofit price listed below. This is a one-time offer limited solely to retrofits.
- The BallLoc hardware (receiver and locator) must be returned to Modern Industries, one for one.
- **THIS IS A LIMITED TIME OFFER**
